Agile ADPQ Vendor Pool RFI 75001 - Quick Start Guide

Foster Care Prototype

Two test accounts have been precreated for OSI staff to log in and explore the prototype. These accounts are aligned with the personas we used.

- 1) Foster Parent: Monica Smith (username: monica, password: monica)
- 2) Case Worker: Charler Parker (username: charles, password: charles)

1.1 CREATE AN ACCOUNT

Test accounts for a case worker and a parent are already created in the prototypes database, but if OSI staff wishes to create new users they will select the “I need to create an account” link at the bottom of the home page.

A login form overlay on a background image of hands holding a wooden plank. The form contains two input fields: 'Username' with a person icon and 'Password' with a lock icon. Below the fields is a teal 'Login' button. At the bottom of the form is a red link that says 'I need to create an account'.

On the create an account screen users will enter information for a new account.

The 'Register' form is displayed on the OSI Agile ADPO website. The header includes the OSI Agile ADPO logo (CHILD WELFARE DIGITAL) and navigation links for HOME, ABOUT, and SEARCH FACILITIES. The background image shows a family of three (a man, a woman, and a child) smiling and holding hands. The form itself is titled 'Register' and contains three input fields: 'First Name', 'Last Name', and 'Username', each with a placeholder text matching the field name.

For purposes of the demonstration, when creating a new account a user will be able to select if the account is for a case worker or not.
